# RADIANT INSTITUTE OF NURSING AND PARAMEDICAL SCIENCES

**Radiant Institute of Nursing And Paramedical Sciences**, Kishanganj Bihar was established under the aegis of **A.M.S. Educational and Welfare Foundation** in 2020 with a vision of becoming a center of excellence for professional education in all its realms. Radiant Institute of Nursing And Paramedical Sciences is located in Kishanganj in the North-East part of Bihar. It is on Delhi- Guwahati National Highway-31, The Town is well connected with all important cities and towns of Bihar and also with neighboring States by rail services. Kishanganj is only 400 km from Patna and 450 km from Kolkata and 80 Km from Bagdogra Airport, near Siliguri (Darjeeling). Radiant Institute of Nursing And Paramedical Sciences makes the world better through education, research, and innovations.

A group of noted academicians and eminent social activist's zeal has joined hands to establish **Radiant Institute of Nursing And Paramedical Sciences**, within a short period; **Radiant Institute of Nursing And Paramedical Sciences**, has assumed a credible position among the most progressing professional educational institutions in the Northeast region. This exponential growth itself is a testimony of sincere efforts, being put in by faculty and staff members of **Radiant Institute of Nursing And Paramedical Sciences**,

**Radiant Institute of Nursing And Paramedical Sciences** offers ANM, GNM and Paramedical (CMD, DMLT, DOTA, DMR, DPT) courses. The curriculum has been specifically designed to impart the latest knowledge and skills relevant to the modern need including hospital Visits, Training, Guest Lectures from Experts from Industry and Academics. Nursing is designed to provide a sound knowledge of principles and applications in the field of health care and related domains. To develop the ability to analyze the related problems and to generate solutions in health care sectors.

Radiant Group is already running Bachelor of Pharmacy and Diploma in Pharmacy since 2020 in the name Radiant Institute of Pharmaceutical Sciences. This group also runs a Multi Speciality Hospital named Radiant Multi Speciality Hospital at Paschim Pali, Kishanganj.

## ABOUT NURSING

Nursing is a profession within the healthcare sector focused on the care of individuals, families, and communities so they may attain, maintain, or recover optimal health and quality of life. Nurses may be differentiated from other healthcare providers by their approach to patient care, training, and scope of practice. Nurses practice in many specialties with differing levels of prescription authority. Nurses comprise the largest component of most healthcare environments but there is evidence of national/ international shortages of qualified nurses. Nurses collaborate with other healthcare providers such as physicians, nurses practitioners, physical therapist, and psychologists. Since Covid-19 pandemic, nurses education has undergone a process of diversification towards advanced and specialized credentials, and many of the traditional regulations and provider roles are changing.

## OUR MISSION

Our Mission is to flourish and excel in the sphere of Nourishing education and other allied sciences with the ultimate goal of providing excellent & innovative measures in inpatient care.

## OUR VISION

To provide quality education and grow them to serve society by taking care of future challenges. We make our students skilled in all spheres and help them reach out to infinite possibilities on global levels.

# Courses

## Auxiliary Nursing & Midwifery (ANM)

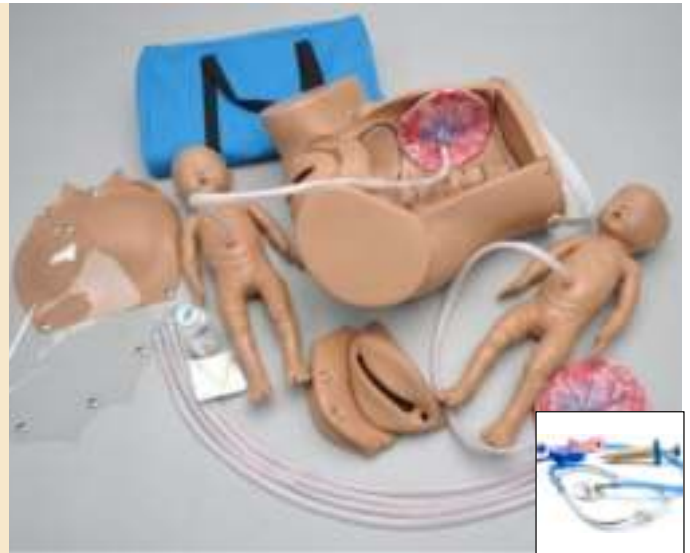

This course is for female candidate only. You want a good job at your town; city of block here is the course which gives you the honor to work as a nursing staff at peripheral hospital setup. This course has maximum employability and can get you a government job near you on home.

**Eligibility:** Intermediate (10+2) with any stream.

**Age Limit:** 17 to 35 years

**Duration:** Duration of the course is of 2 years

Fee Structure (For ANM)			
S.No	Particulars	1 <sup>st</sup> Year	2 <sup>nd</sup> Year
1	Admission Fee	10,000	NA
2	Tuition Fee	70,000	70,000
3	Library Fee	2,000	2,000
4	Maintenance Fee	3,000	3,000
Total		85,000	75,000

## General Nursing & Midwifery (GNM)

GNM is a paramedical diploma courses with a span of three and a half years. GNM emphasizes teaching Nursing students the importance of the community, community health care, and Midwifery. GNM course can be pursued after the completion of the 10th board followed by a pre-university of two years in the science / arts stream.

**Eligibility:** Intermediate (10+2) with any stream.

**Age Limit:** 17 to 35 years

**Duration:** Duration of the course is of 2 years

Fee Structure (For GNM)				
S.No	Particulars	1 <sup>st</sup> Year	2 <sup>nd</sup> Year	3 <sup>rd</sup> Year
1	Admission Fee	10,000	NA	NA
2	Tuition Fee	1,45,000	1,45,000	1,45,000
3	Library Fee	2,000	2,000	2,000
4	Maintenance Fee	3,000	3,000	3,000
Total		1,60,000	1,50,000	1,50,000

### Career Opportunities

- Government and Private Hospitals
- Dispensaries
- Old Age Homes
- Nursing Homes
- Community Health Centres

### Job Profile

- Staff Nurses
- Health Care Worker
- School Nurses
- Community Health Nurse
- Home Nurse
- Industrial Nurse
- Ward Nurse

# PARAMEDICAL COURSES

## Certificate in Medical Dresser (CMD)

Is an effective Paramedical Certificate courses which enables students to be familiar with Dressing, Medical Instruments, Chemical Solution and Sterilization etc.

**Eligibility:** Matric (10th) must pass in english.

**Age Limit:**

**Duration:** Duration of the course is of 1 years

### Fee Structure (For CMD)

S.No	Particulars	1 <sup>st</sup> Year
1	Admission Fee	5,000
2	Tuition Fee	45,000
3	Library Fee	2,000
4	Maintenance Fee	3,000
Total		55,000

## Diploma in Medical Laboratory Technology (DMLT)

Is surest and safest carrier option for decent living social prestige and unlimited money earning. It is a directly link between patient, surgeon and physician. You cannot think of a disease without pathological investigation.

**Eligibility:** I.Sc (12th / Sciences) with Bio. or any equivalent (English Must).

**Age Limit:** 17 to 30 years

**Duration:** Duration of the course is 2 years

### Fee Structure (For DMLT)

S.No	Particulars	1 <sup>st</sup> Year	2 <sup>nd</sup> Year
1	Admission Fee	5,000	0
2	Tuition Fee	60,000	60,000
3	Library Fee	2,000	2,000
4	Maintenance Fee	3,000	3,000
Total		70,000	65,000

## Diploma in Operation Theater Assistant (DOTA)

Well trained operation theatre technician is the first requirement for any hospital and private surgical unit. No qualified Doctor can perform any operation without the help of O.T. Assistant who sterilizes all the equipments of Operation Theatre and helps directly during the operation.

**Eligibility:** I.Sc (12th / Sciences) with Bio. or any equivalent (English Must).

**Age Limit:** 17 to 30 years

**Duration:** Duration of the course is 2 years

Fee Structure (For DOTA)			
S.No	Particulars	1 <sup>st</sup> Year	2 <sup>nd</sup> Year
1	Admission Fee	5,000	0
2	Tuition Fee	60,000	60,000
3	Library Fee	2,000	2,000
4	Maintenance Fee	3,000	3,000
Total		70,000	65,000

## Diploma in Medical Radiology: (DMR / X-Ray Technician)

The healthcare industry is constantly expanding and progressing into the future. The demand for X-Ray technology has increased as the community seeks better ways to detect health problems. Your career as an X-ray technician can begin with a diploma in X-ray technology or a graduate degree in radiology. Earning an X-Ray technology diploma serves as a foundation for other certifications, such as advanced radiography certifications and specialised B.Sc and health administration degrees.

**Eligibility:** I.Sc (12th / Sciences) with Bio. or any equivalent (English Must).

**Age Limit:** 17 to 30 years

**Duration:** Duration of the course is 2 years

Fee Structure (For DMR / X-Ray Technician)			
S.No	Particulars	1 <sup>st</sup> Year	2 <sup>nd</sup> Year
1	Admission Fee	5,000	0
2	Tuition Fee	60,000	60,000
3	Library Fee	2,000	2,000
4	Maintenance Fee	3,000	3,000
Total		70,000	65,000

## Diploma in Physiotherapy (DPT)

Is a 2 - Year professional paramedical course that is pursued by candidates who wish to treat patients with physical disabilities or injuries. The courses teach the candidate about the various rehabilitation techniques that the patients have to be treated so that they can return to their normal lifestyle.

**Eligibility:** I.Sc (12th / Sciences) with Bio. or any equivalent (English Must).

**Age Limit:** 17 to 30 years

**Duration:** Duration of the course is 2 years

### Fee Structure (For DPT)

S.No	Particulars	1 <sup>st</sup> Year	2 <sup>nd</sup> Year
1	Admission Fee	5,000	0
2	Tuition Fee	60,000	60,000
3	Library Fee	2,000	2,000
4	Maintenance Fee	3,000	3,000
Total		70,000	65,000

## Language Lab /AV AID Room

Is an audio-visual installation used as an aid in modern language learning techniques? The language labs allow teachers to monitor, control, deliver group, display, review and collect, audio, video, and web-based multimedia content. The student player is linked to the teacher console and can play audio, video, and web-based formats to make an easy understanding of basic concepts.

**Note:** Tuition fee, Laboratory fee & Developmental fee are inclusive in annual fee, final exam fee excluded.

### Hostel & Other Charges

S.No	Particulars	Annually
1	Hostel & Mess Charges	48,000/-
2	Transportation Fee	12000/-

**Note:** 1. Hostel fee and transportation will be deposited annually and Dining charges to be deposited every six month.

2. Hostel and transport must for ANM & GNM Courses.

**Note:** Furnishing false information or particular would result in the forfeiture of admission to the course. After the Scrutiny of applications, the merit list will be published on the notice board and on college website.

## Fee Structure of Nursing & Paramedical

Course	Admission Fee	1st Year Fee	2nd Year Fee	3rd Year
ANM	10,000	75,000	75,000	NA
GNM	10,000	1,50,000	1,50,000	1,50,000
CMD	5,000	50,000	NA	NA
DMLT	5,000	65,000	65,000	NA
DOTA	5,000	65,000	65,000	NA
DMRT	5,000	65,000	65,000	NA
DPT	5,000	65,000	65,000	NA

## DOCUMENTS REQUIRED

### List of Documents required at the time of Admission.

- 1 RINPS Admission Form Original & Two set Photocopy.
- 2 Three-set Photocopy of Original **Counseling Allotment Letter**.
- 3 JEE / BCECE / NEET etc. **Rank Letter Photocopy**.
- 4 Three-set Photocopy of Students **Aadhaar Card (Mandatory)**.
- 5 Three attested photocopies of **Mark Sheet of Class X**.
- 6 Three attested photocopies of **Certificate of Class X**.
- 7 Three attested photocopies of **Mark Sheet of Class XII**.
- 8 Three attested photocopies of **Certificate of Class XII**.
- 9 Original **Character Certificate**.
- 10 Attested **copy of Domicile Certificate** (for candidates other than Bihar State) & three set of Photocopy.
- 11 Attested copy of **Caste/Category** (for OBC/SC/ST and Minority only) & three-set Photocopy (if applicable)
- 12 Recent Passport Size **Photographs - 6 Nos**.
- 13 **Year gap Affidavit** (duration between present course and last attempted School/College).

### Transport facility:

The institute has its fleet of buses that fly on a single route from Radiant Hospital Paschimpali (9 AM - 4:15 PM) to Radiant Nursing College, serving both students and staffs. Bus facilities are also available to students living in hostels to visit the city. Students are charged on a profit no loss basis.

\* Prospectus cum Application form Rs.500/-

Radiant Institute of Pharmaceutical Sciences, Kishanganj Bihar was established under the aegis of AMS Welfare and Education Foundation in 2020 with a vision of becoming a center of excellence for professional education in all its realms. Radiant Institute of Pharmaceutical Sciences is located in Kishanganj in the North-East part of Bihar. It is on Delhi- Guwahati National Highway-31, The Town is well connected with all important cities and towns of Bihar and also with neighboring States by rail services. Kishanganj is only 400 km from Patna and 450 km from Kolkata and 80 Kms from Bagdogra Airport, near Siliguri (Darjeeling). Radiant Institute of Pharmaceutical Sciences makes the world better through education, research, and innovations. A group of noted academicians and eminent social activists a zeal has joined hands to establish the Radiant Institute of Pharmaceutical Sciences. Within a short period, Radiant Institute of Pharmaceutical Sciences has assumed a credible position among the most progressing professional educational institutions in the Northeast region. This exponential growth itself is a testimony of sincere efforts, being put in by faculty and staff members of Radiant Institute of Pharmaceutical Sciences. Radiant Institute of Pharmaceutical Sciences offers a Bachelor of Pharmacy (B. Pharm) and Diploma of Pharmacy (D. Pharm) degree as well. Our institute is duly approved by the Pharmacy Council of India. The curriculum has been specifically designed to impart the latest knowledge and skills relevant to Pharmaceutical Sciences including Industrial Visits, Training, Guest Lectures from Experts from Industry and Academics. B. Pharm program is designed to provide a sound knowledge of principles and applications in the field of pharmacy and related domains. To develop the ability to analyze the related problems and to generate solutions in pharmacy and pharmaceutical applications. Our Department of Pharmacy, One of the premier pharmacy departments of the Radiant Institute of Pharmaceutical Sciences. The Department of Pharmacy has been in existence since 2020, offers 2 years diploma with an intake capacity of 60- and 4-years degree full-time course, with an intake capacity of 60. Pharmacists are health care professionals whose professional responsibilities include seeking to ensure that people derive the maximum therapeutic benefit of treatments with medicines. This requires them to keep abreast of developments and advances in knowledge & technology related to the manufacture & use of medicines, professional standard requirements, laws governing pharmacy, etc. Pharmacy is a versatile, dynamic, growing, and increasingly diverse profession, one that creates excitement because there are so many service opportunities.

**ABOUT PHARMACY**

Pharmacy is the backbone of the medical profession and a pharmacist shares the stage with doctors in alleviating the pain of the afflicted on mankind. The Pharmacy Council of India (PCI) has accorded its recognition to the institution for meeting its high and exacting standards.

**Mission**

Our vision is to flourish and excel in the sphere of Pharmacy and other allied sciences with the ultimate goal of providing excellent & innovative measures in inpatient care and drug-development.

**Vision**

We focus on developing research platforms, provide guidance to students and involve interdisciplinary researches. We educate students to serve society by taking care of challenges in healthcare, contributions to the pharmaceutical industry, community pharmacy, and hospital practices. We make our students skilled in all spheres and help them reach out to infinite possibilities on global levels.-----

1

**Chairman's Message:**

Our Society has already enlisted its name by expanding a network of non-formal social and welfare activities. Now for meeting the dire need of time, when world over scientist is engaged in the development of medicine for the cure of several life-threatening diseases and accordingly fight the complexities of life and health care have grown out of portion in recent past, then at this juncture Radiant Institute of Pharmaceutical Sciences at Fatma Nagar, Tengramari Salki, Kishanganj (Bihar) is planning to serve the exact need of the society and nation.

**Mesbahuddin**

Chairman

(Radiant Institute of Pharmaceutical Sciences)

**DIRECTORS MESSAGE**

**"Education is the most Powerful Weapon which you can use to change the world".**  
- Nelson Mandela

I warmly welcome and invite you to visit and explore our upcoming institute, Radiant Institute of Pharmaceutical Sciences at Fatma Nagar, Tengramari Salki, Kishanganj (Bihar) and have a feel of our flourishing academic environment. Pharmacy is a multidisciplinary course comprising of the application of Chemistry, Biology, Mathematics, Statistics, Computer applications, Biochemistry, Molecular biology, Cell biology, Chemical engineering, etc. Pharmacy is one of the most trusted and noble professions and remains one of the most attractive fields in Science and Technology. Over the last few years due to the phenomenal growth and advancement of science and technology, the field of pharmacy and drug discovery program have considerably changed and developed. Pharmaceutical biotechnology and plant tissue culture technologies are growing at a rapid pace and thus the courses of Pharmacy have incorporated these subject areas in the curriculum.

Being the principal of Radiant Institute of Pharmaceutical Sciences at Fatma Nagar, Tengramari Salki Kishanganj (Bihar), I am very much pleased and it is my pride to state that through our coordinated and joint efforts, commitment, and whole-hearted support and co-operation of the management, of this upcoming institute is considered as one of the most admired, most renowned and highly reputed Pharmacy educational organization of the region.

**Directors**Radiant Institute of Pharmaceutical Sciences  
Kishanganj, Bihar.

## PLACEMENT CELL

We regard the "placement period" as a three-way partnership between the placement provider, the student, and the institute. Although we are not a party to the contract of employment, students on placement are enrolled as our students and we would expect to take any action necessary to ensure that a student is providing to be an effective, safe and reliable worker. Please do not hesitate to let us know if there are any problems with which you think we could help. The Health and Safety Executive has recommended that we ask formally for assurance on health and safety so, as part of the approval process, we should be grateful if you would complete and return the enclosed Work Base Placement Health and safety Checklist we are sorry to burn you with yet another piece of paper but that you will not find the question too onerous and will understand our reasons for asking them.

## BACHELOR IN PHARMACY (B.PHARM)

## Duration: 4 yrs.

A four-year undergraduate program in which students study the methods and process of preparing drugs and how the dispensing of medicine do and drugs take place. For anyone who aspires to be a pharmacist today, they must undertake this course so that they have thorough and in-depth knowledge of the science of medicine.

It is a four-year-long course and is mainly divided into 6-8 semesters, depending upon the coursework and practical sessions. B.Pharm imparts useful knowledge about biochemical science and the healthcare business. Students during their coursework have to perform various practicals and experiments.

The regulatory body for the program is the Pharmacy Council of India (PCI), which is responsible for laying down all norms and regulations for the B.Pharm course. The course enables candidates to practice the profession of a Pharmacist after graduation. B.Pharm degree has a lot of scopes and is going to flourish more in the coming years as there is a great demand for healthcare professionals who can prepare drugs to battle several diseases and deficiencies.

**This course is for individuals who**

Are curious to know about the chemical formulation of drugs that treat various diseases and help in maintaining a healthy lifestyle

**Students who are looking for**

A fulfilling career by learning the techniques to develop safe and effective medication. Students who wish to apply their strong research skills are the best fit for the program.

**DIPLOMA IN PHARMACY(D.Pharm) DURATION: 2 Yrs.**

The basic eligibility criterion for pursuing the course is a 10+2 with Physics, Chemistry, and Mathematics/Biology as compulsory subjects from a recognized institute with a minimum aggregate score of 50% (45% for SC/ST/OBC candidates) at the 10+2 level.

**CAREER OPPORTUNITY IN PHARMACY****I. Government Jobs**

The pharmacist can opt for different State Government exams as their career like Drug Inspectors, Drug Controller, Govt. Analysts, and scientists in ICMR & CSIR. UPSC & SSC recruit Drug Inspectors from time to time. Eligibility is Diploma in Pharmacy or Bachelors in Pharmacy and must have 18 months experience of C and C1 drugs in industry and registered as a pharmacist in Pharmacy Council of state.

**2. Government hospitals and clinics**

Pharmacists have better career opportunities in Central Government Hospitals permanently like ESIC and AIIMS, Railways, and States like Delhi.

**3. Pharmaceutical Marketing**

B. Pharma freshers are employed in the marketing of pharmaceutical products and medical devices as Medical Representatives (MR). They have career opportunities in marketing depending on networking ability, knowledge, and communication skills.

**4. Pharmaceutical industry**

Pharmacy graduates and postgraduates have ample opportunities in various fields in the pharmaceutical industries.

- Research and development
- Manufacture and quality assurance
- Drug information
- Patent applications and drug
- Clinical trials and post-marketing surveillance
- Sales and marketing Management

**5. Medical Underwriting**

Pharmacy graduates can also start their careers as medical writers who have a piece of sound knowledge in pharmacology, anatomy, and medical terminologies. Job responsibilities could be as medical scribes or medical transcription or medical coder or check insurance-related records or write medical-related document etc.

**6. Clinical research**

Recently, Clinical research has also opened its door for B.Pharm graduates as Medical Underwriter, CRO, Data Validation Associate, Clinical Research Associate Etc.

**7. Drug store or wholesaler**

Every registered pharmacist gets a license to run a medical shop. Wholesale Supplier of medicines to other stores is also a good career if you can establish fruitful relations with medical shop owners.

**8. Pharmaceutical company**

9. Certificate Ambitious persons can set up their manufacturing facility or can market medicines under their brand name.

**Courses after B. Pharma**

These skill development courses are best suited to land you with a respectable job after you complete training in clinical trials, patents, data analysis, etc.

**10. M. Pharm/ MBA/M.S**

PhD is suitable for those who are interested in research, and professor's jobs in government colleges. After PhD salaries are handsome in reputed companies and government colleges. 11

**11. PhD.**

These skill development courses are best suited to land you with a respectable job after you complete training in clinical trials, patents, data analysis, etc.

**12. Pharm D**

The Pharm D is a 6 years course but after B.Pharm it is a total 3 years course out of which 2 years of academics and 1 year of training in a hospital. Then, appear for NAPLEX and one can register as a pharmacist in most of the countries. It involves all the aspects of clinical pharmacology and drug administration covering chiefly drug interactions and adverse effects. It will go to prove more ascents to the pharmacist.

#### Pharmacology Lab

Pharmacology department trains the students in subjects like Anatomy, Physiology & Pathophysiology, and Pharmacology & Toxicology, etc... Students are given facilities to understand different systems of Human Anatomy & their functions & pathology with tools like models, charts, permanent slides, bones, skeletons, etc. Here students learn about general pharmacology, drug dose, mechanism of action of drugs, screening of drugs, etc. Computer software for the basic demonstration of Pharmacology experiments is provide

#### Pharmacognosy & Phytochemistry Lab

In the last few decades, there is increasing acceptance and awareness of herbal drugs all over the world. In the department of Pharmacognosy, we perform experiments on the basic concept of morphology, microscopy, and phytochemical characteristics of herbal drugs. The laboratory is engaged in extraction, isolation, herbal formulation development, evaluation, and standardization of herbal drugs and phytopharmaceuticals.

Students are trained in the various stages of natural drug research like different types of extraction, separation of groups of compounds, purification and identification of individual compounds, and re-characterization. Sophisticated instruments are used for the chromatographic and standard spectroscopic techniques. 16

Standardization of herbal drugs which is the major task in the present scenario is also facilitated in the department for the qualitative & quantitative evaluation of Phytomedicine.

**Museum:** The Museum is filled with all kinds of educative anatomical models.

#### About the Library

Libraries play a very healthy role throughout our life. It provides a very calm and disciplined atmosphere which helps students to maintain a good concentration on their studies and a healthy environment for learning as well as making notes or completing an assignment.

Radiant Institute of Pharmaceutical Sciences, Kishanganj Library provides a fully air-conditioned & Wi-Fi-enabled world-class learning environment. The College has a well-stocked library having nearly 4736 Text and Reference books with 507 titles and a good number of (20) National / International Journals; magazines and daily newspapers. The library has very rich collections of e-books, online resources to fulfil the research and teaching need of the academic community and audio-video facilities are also provided in the library to facilitate the research and teaching-learning activities. Regular daily newspaper facility also available.

The library has been using the Campus ERP library management software for the library housekeeping operations.

## Documents Required:

## Facilities:

### Lecture Halls

In Radiant Institute of Pharmaceutical Sciences Lecture Hall and rooms are architecturally and aesthetically well designed and are well ventilated. The furniture in the rooms is economically designed for the comfort sitting of the students. In addition to the traditional blackboards, to make the teaching-learning process multidimensional. Multimedia overhead projectors and LCD projectors are used. Moreover, the faculty adopts not simply the traditional lecture methodology. But also holds group discussion, quiz session, debates, and other learner-centred modules. Various other audio-visual aids are also used to enrich the teaching-learning processes.

1

## Laboratories:

The Institute is having well-equipped laboratories as per PCI norms to conduct a Diploma in the pharmacy program. In addition, the Communication /Language Lab is also available for personality development programs.

## Pharmaceutics Lab

Pharmaceutics Laboratories help in training the students in drug formulations like tablets, capsules, parenteral, ointments, creams, eye drops, syrups, drug interaction, stability, shelf-life studies, etc. Different aspects of filling, packing, sealing and labelling are studied by the students. Various practical aspects of Pharmaceutics like Dispensing Pharmacy, Drug Store and Business Management, Community Pharmacy, etc. are taught to the students.

## Pharmaceutical Chemistry Lab:

Pharmaceutical chemistry and Medicinal chemistry are disciplines at the intersection of chemistry, especially synthetic organic chemistry, and pharmacology, and various other biological specialties, where they are involved with the design, chemical synthesis, and development for the market of pharmaceutical agents, or bio-active molecules (drugs). Pharmaceutical Chemistry Lab is meant for testing and identification of impurities; synthesis and purification of chemical compounds; identification of medicinally active compounds; and analysis of biological samples like urine, blood, etc.

2

**LANGUAGE LAB**

is an audio-visual installation used as an aid in modern language learning techniques? The language labs allow teachers to monitor, control, deliver group, display, review and collect, audio, video, and web-based multimedia content. The student player is linked to the teacher console and can play audio, video, and web-based formats to make an easy understanding of basic concepts.

**Admission Councilor & Contact Person**
