## About

# **RADIANT GROUP OF INSTITUTIONS**

**( A unit of A.M.S Educational And Welfare Foundation)**

Radiant group of institutions is located at, Kishanganj Bihar. It was established under the aegis of A.M.S. Educational and Welfare Foundation in 2020 with a vision of becoming a center of excellence for professional education in all its realms. Radiant group offers Nursing, Para Medical, and Pharmacy courses. Kishanganj is in the North-East part of Bihar. It is on Delhi-Guwahati National Highway-31, The Town is well connected with all important cities and towns of Bihar and also with neighboring States by rail services. Kishanganj is only 400 km from Patna and 450 km from Kolkata and 80 Km from Bagdogra Airport, near Siliguri (Darjeeling). Radiant group of institutions makes the world better through education, research, and innovations.

A group of noted academicians and eminent social activist's zeal has joined hands to establish Radiant group of institutions within a short period.

This group also runs a Multi Speciality Hospital named Radiant Multi Specialty Hospital at Paschim Pali, Kishanganj. Facility at Radiant MultiSpeciality Hospital is patient centric in approach with a blend of the finest medical and surgical skills care at an affordable price.

A group of noted academicians and eminent social activists a zeal has joined hands to establish the Radiant Institute of Pharmaceutical Sciences. This institute offers a Bachelor of Pharmacy (B. Pharm) and Diploma of Pharmacy (D. Pharm) degree as well. Our institute is duly approved by the Pharmacy Council of India. The curriculum has been specifically designed to impart the latest knowledge and skills relevant to Pharmaceutical Sciences including Industrial Visits, Training, Guest Lectures from Experts from Industry and Academics. B. Pharm program is designed to provide a sound knowledge of principles and applications in the field of pharmacy and related domains. The Department of Pharmacy has been in existence since 2020, it offers 2 years diploma with an intake capacity of 60 and 4 years degree course, with an intake capacity of 60.

Radiant Institute of Nursing And Paramedical Sciences offers ANM, GNM and Paramedical (CMD, DMLT, DOTA, DMR, DPT) courses. The curriculum has been specifically designed to impart the latest knowledge and skills relevant to the modern need including hospital Visits, Training, Guest Lectures from Experts from Industry and Academics. These programmes are designed to provide a sound knowledge of principles and applications in the field of health care and related domains.

## OUR MISSION

Our mission is to cultivate proficient pharmacy professionals, dedicated nurses, and skilled paramedics who uphold the highest standards of patient care, innovation, and compassion. Through rigorous academic programs, hands-on training, and cutting-edge projects done, we empower students with the knowledge, skills, and values necessary to thrive in diverse healthcare settings. Our commitment extends beyond classroom walls, as we aim to foster a culture of lifelong learning, professionalism, and service to humanity.

## OUR VISION

We envision a future where excellence in healthcare education transforms lives and communities. Our vision is to shape the next generation of healthcare leaders who will make a meaningful impact on the well-being of individuals and society as a whole. With a focus on interdisciplinary collaboration and ethical practice, we aspire to uphold a standard of excellence that drives innovation, advances patient care, and fosters a culture of compassion and respect.

## Pharmacy

Pharmacy is the backbone of the medical profession and a Pharmacist shares the stage with doctors in alleviating the pain of the afflicted on mankind. The Pharmacy Council of India (PCI) has accorded its recognition to the institution for meeting its high and exacting standards.

Pharmacists are responsible for the supply of quality medicines, and for the safe use of medicines. Pharmacy education provides a strong foundation in Pharmaceutical Sciences. This involves manufacturing of drugs, their quality control, discovery of new drug molecules, and monitoring the adverse effects of drugs.

### Programmes offered in Pharmacy:

#### **BACHELOR IN PHARMACY (B.PHARM) : Duration: 4 years**

This is four year degree course in Pharmacy, with 8 semesters, and 2 semesters in each year. This programme is approved by Pharmacy Council of India(PCI).The course provides foundation in different subjects of pharmaceutical sciences which prepares a responsible Pharmacist to work in industries, hospitals, and as a Drug Information specialist.

#### **DIPLOMA IN PHARMACY(D.PHARM) : Duration: 2 years**

This is a two year diploma course having annual examination conducted every year by the department of Health Services, Patna. This programme is approved by Pharmacy Council of India(PCI).The course involves two years study of different foundational subjects of pharmacy which is followed by a compulsory 500 hours hospital training under the supervision of a Registered Pharmacist.

After completion of D.Pharm and B.Pharm course, a student can register as Pharmacist. As a registered Pharmacist, one can serve the community as a health care provider.

#### **Eligibility Criteria:**

The basic eligibility criterion for pursuing the course is a 10+2 with Physics, Chemistry, and Mathematics/Biology as compulsory subjects from a recognized institute with a minimum aggregate score of 50% (45% for SC/ST/OBC candidates) at the 10+2 level.

## Career Opportunity in Pharmacy:

### 1. Government Jobs

The pharmacist can opt for different State Government exams as their career like Drug Inspectors, Drug Controller, Govt. Analysts, and scientists in ICMR & CSIR. UPSC & SSC recruit Drug Inspectors from time to time.

### 2. Government hospitals and clinics

### 3. Pharmaceutical Marketing

### 4. Pharmaceutical industry

Pharmacy graduates and postgraduates have ample opportunities in various fields in the pharmaceutical industries. This involves jobs in Research and development, Manufacture and quality assurance.

### 5. Clinical trials and post-marketing surveillance

### 6. Medical writing, Clinical Research, and in Drug stores.

## 2

## Nursing

Nursing is a profession within the healthcare sector focused on the care of individuals, families, and communities so they may attain, maintain, or recover optimal health and quality of life. Nurses may be differentiated from other healthcare providers by their approach to patient care, training, and scope of practice. Nurses practice in many specialties with differing levels of prescription authority. Nurses comprise the largest component of most healthcare environments, but there is evidence of national/international shortages of qualified nurses. Nurses collaborate with other healthcare providers such as physicians, nurse practitioners, physical therapists, and psychologists. Since Covid-19 pandemic, nurse education has undergone a process of diversification towards advanced and specialized credentials, and many of the traditional regulations and provider roles are changing.

## Programmes in Nursing

### Auxiliary Nursing & Midwifery (ANM)

This course is for female candidate only. You want a good job at your town; city or block here is the course which gives you the honor to work as a nursing staff at peripheral hospital setup. This course has maximum employability and can get you a government job near you on home
